-

Treatments Offered at Meenakshi Hospital

- Meenakshi Hospital offers a complete range of fertility and reproductive treatments, all under the supervision of the **Best IVF Doctor in Ghaziabad**:
- **IVF (In Vitro Fertilization):** Fertilization takes place outside the body in a laboratory, and the embryo is transferred to the uterus. This procedure is ideal for couples facing complex fertility challenges.
- **IUI (Intrauterine Insemination):** A simpler and less invasive fertility treatment, where washed sperm are directly placed in the uterus during ovulation.
- **ICSI (Intracytoplasmic Sperm Injection):** A single sperm is injected into an egg to achieve fertilization, especially useful in male infertility cases.
- **Egg Freezing and Embryo Preservation:** Helps women preserve their fertility for future use.
- **Laparoscopy and Hysteroscopy:** Minimally invasive procedures used to diagnose and treat conditions affecting fertility.
- **Robotic Surgery:** Meenakshi Hospital is equipped with advanced robotic surgical technology for precision-based gynecological procedures.
- Each treatment is designed and monitored by **Dr. Rajshree Seth Sharma**, ensuring every couple gets the best possible care.
